END
CAN
THE NATIONAL FOUNDATION TO END CHILD ABUSE AND NEGLECT

TOGETHER, WE’RE LOUDER THAN SILENCE

Millions of people have been impacted by child abuse and neglect, either directly or through its ripple effects. As with many issues, we know that when people band together they can truly move the needle in the direction of progress. EndCAN is working to create a future free of child abuse and neglect. Join us.

AREAS OF FOCUS

End Child Abuse and Neglect (CAN) by:

- Creating a Community of Survivors
- Building an Army of Volunteers and Advocates
- Educating Community Members and Field Professionals
- Identifying and Funding Innovative Research and Prevention Methods

endcan.org
EndCAN speaks at public events and conferences as a means of educating as many people as possible about the need to end child abuse and neglect and to understand the issue as a health issue.

EndCAN invites survivors or those impacted by abuse to anonymously share their stories on our website and begin their journey to healing.

EndCAN is growing its community to engage in a variety of events that will empower ending child abuse and neglect.

EndCAN serves as a catalyst for collaboration and progress in ending child abuse and neglect by uniting voices and organizations toward our collective goal.

The Louder than Silence Podcast shares the authentic voices of those impacted by child abuse and neglect as well as those who work in the fields of prevention, education and training, advocacy, and research. Episodes are released every Friday.

EndCAN offers survivors and all those affected by child abuse and neglect a platform to anonymously ask questions, process their experiences, and support other survivors through Inspire, an online community of health and wellness support groups.

EndCAN’s young professionals group engages people ages 18 – 35 to expand their skillset, network, and help us enrich advocacy for child abuse and neglect.
